O. P. & W. H. Sherwood vs. The Newton Booth Co. Same order.

Wells, Fargo & Co. vs. The Silver Peak Mining Co. Same order.

Wm. H. Reynolds vs. A. H. Doscher et al. Hearing of application for a commission to take testimony continued till to-day.

Kentucky Gold and Silver Mining Co. vs. Hermes S. M. Co. Temporary injunction issued upon plaintiff filing a bond in the sum of \$8,000, and the hearing of the application to show cause continued to Friday, Jan. 24.

The setting of the calendar was postponed to Saturday, the 11th.

George W. Chesley et al. vs. Thomas Wallace et al. By consent of counsel, the demurrer filed herein was set aside, and defendant Wallace allowed fifteen days in which to file his answer.

Raymond & Ely M. Co. vs. Kentucky G. and S. M. Co. and Kentucky G. and S. M. Co. vs. Raymond & Ely M. Co.—On motion of counsel for the Kentucky, the hearing of the application for an injunction and other orders pertaining to these cases were postponed until Monday, Jan. 20.

Court adjourned to Friday, 10, at 10 a. m.

MEETING OF THE H. & L. CO.—Last evening there was a very large attendance of the members at the meeting of Lighter Hook and Ladder Company at the Court House—W. W. Bishop, the President, presiding. The report of the Treasurer was submitted and his accounts found to be correct. The election of officers for the current year resulted in the choice of W. W. Bishop by a unanimous vote as President for a second term; for Foreman, E. Hamilton was elected by acclamation; for First Assistant, Wm. Goodman; for Second Assistant, J. M. Coschina; for Secretary, E. Schoppmann was unanimously elected; for Treasurer, Louis Felsenthal was elected by acclamation; for Trustees, A. H. Emanuel, M. Schusterich and C. Wiederhold. A vote of thanks was tendered to the retiring officers for their efficiency in office during the past year. The membership comprises many of our staunchest citizens, and the company is in a flourishing condition.

THE BETTING MATCH.—Yesterday afternoon the betting match between two colored individuals came off at Mitchell's saloon. Quite a crowd had congregated before the time of the combat arrived. The contestants were two full blooded negroes. The first was Andy Grayson (commonly known as "Boss"), about 5 feet 6 inches high, and weighing probably 150 pounds. Bill Jones, his competitor, is about 5 feet 7 inches high, 36 years old, and weighing 145 pounds. Many bets were made, and we should judge \$500 were staked on the issue of the contest. When time was called the betting commenced. The first round was close, and neither could positively claim to have won it. The second and third rounds were won by "Boss," the fourth by Jones, and the fifth, sixth, seventh and eighth rounds by "Boss," who was declared the victor. Great excitement prevailed, and the shouts from time to time were deafening.

DRY GOODS! DRY GOODS!—The stock of J. Cohn Bro., which was to have been sold at Strong's paint shop, at auction prices, has been removed back again to J. Cohn Bro.'s store on Main street, opposite Meadow Valley street. The sale will continue from day to day until sold out. Call and examine the stock before purchasing elsewhere.

ARRIVAL OF JUDGE FULLER.—Hon. M. Fuller, District Judge, arrived about 3 o'clock yesterday morning by the Hamilton stage from San Francisco. The stage was due Wednesday evening, but failed to arrive on time. Judge Fuller presided in the District Court yesterday.

HARRY LORRAINE, a great favorite here, announces that he will take a benefit at the Theatre on to-morrow evening. We have not seen the programme, yet are sure a good bill will be presented, and hope a full house will greet him to-morrow evening.

TO ARRIVE TO-DAY.—The following passengers left Hamilton yesterday for Pochie, who will arrive on to-day's stage: Miss Fitzgerald, M. Liechtenstein, J. Goodfriend, Miss Annie Hamilton, W. H. Huyek, J. D. Patterson.

BENEFIT TO-MORROW NIGHT.—Harry Lorraine takes this method of announcing that the entertainment at the Theatre to-morrow evening will be for his benefit. Give him a full house, and make the benefit a substantial one.

TAX CAUSE.—The failure of the Hamilton stage to arrive on time Wednesday evening was owing to the heavy state of the roads. The irregularities in the arrivals from Salt Lake are attributable to the same cause.

RAFFLE.—A splendid new Wilcox & Gibbs' sewing machine will be raffled for at Mrs. Parker's—the old Review office—Lacour street, on the 10th of February. Tickets \$1 each. j10-2f

STOCK RANCHED.—G. H. Thomas, in charge of the Johnson Ranch, is prepared to receive all stock entrusted to his care. Leave orders at the Dexter Stables.

THEATRE.—We are authorized by Mr. Calhoun to say that no entertainment will be given at the Theatre until the arrival of more talent.

PUBLIC SPIRIT.—The gravel walk across Main street from Lynch's saloon to the Grambs' Hotel is a great convenience to pedestrians.

TREASURERS.—We are authorized by the Union telegraph office for Constantine Hensch and A. H. Woodman.

GRAND JURY.—Yesterday the Grand Jury resumed their labors. Of course nothing can be known of their proceedings.

INTERESTING FACTS.—According to the census of 1870, the total number of schools in the United States was 141,629 for males, and 127,713 for females. The total number of pupils was 7,209,938—2,621,906 being male, and 1,587,942 being female. The total income of all the schools was \$95,404,726, of which \$3,663,785 came from endowments, \$61,476,039 from taxation, and \$29,992,902 from all other sources, including tuition. The total income reported is nearly three times that for 1860, and nearly six times that for 1850. It is considered quite impossible that there should have been any such increase, and the apparent augmentation is, without doubt, referable to a failure on the part of the census officials to secure complete returns. Of the total number of schools reported, public schools were 127,059, classical, professional and technical, 2,545, and others, 14,024. The total numbers of teachers in the public schools was 183,198; and the classical, professional and technical, 12,767. The number of pupils in the later class was 245,190, and in the public schools 6,220,669.

AN OUTRAGE.—On Thursday night, between nine and ten o'clock, as an aged lady who has seen nearly seventy winters, was passing down East Temple street, she was dogged by a scoundrel, in the shape of a man, first walking in the rear, then getting to one side and again to the other, and finally passing in front, keeping up this style until after the residence of the late John B. Kimball was passed. Here the villain turned upon the old lady and tried to seize her, with all the direct evidences of an attempt at violation. Feeble and aged as she was she made a heroic struggle, and screamed so loudly that the scoundrel, becoming scared, decamped; and the lady with difficulty made her way to a house not far off, which she reached in an utterly exhausted condition. Our informant, who was present when she reached the house, said a little more would have been too much for her strength and would have killed her. —[Salt Lake Herald, 4th.

In the Salt Lake Herald of the 5th, we find the following telegraphic notice of the ex-Emperor's last illness:

Ex-Emperor Napoleon has been suffering for some time from symptoms of stone in the bladder, the presence of a large stone having been demonstrated by means of a "sound." On Thursday the patient underwent the first operation for its removal by lithotomy. London papers of yesterday announce that the operation was successful, and that up to Friday night the condition of the patient was encouraging, no unfavorable symptoms having been developed. A dispatch from Chiselhurst yesterday announces his condition as unchanged. There are no apprehensions of a serious result.

MORMONISM is not flourishing in Great Britain at present. In 1851 there were about 230 Mormon places of worship in the British Isles, with an attendance of 17,000, and within the circle of the London Conference there were forty branches, with a gross total of 3,450 adherents. There are now only 1,633 members within the circle of the London Conference, and during the last year only seventy-five conversions were reported within the same limits. The Mormons undertake to explain the decrease in their numbers by attributing it to the eagerness of the saints to gather into Zion; but the force of this explanation is weakened by the fact that only seven of them emigrated from the London district during the last twelve months.

A Mexican newspaper reports that a considerable number of Apache Indians, with their families, belonging to tribes previously hostile, had sent a deputation to the town of Janos, in Northern Chihuahua, begging for peace, and promising if their petition were accepted and land were granted to them, that they would not only abstain from injury to the Mexicans, but would prevent any hostile Indians from passing through their district. The Governor of Chihuahua gave them a favorable answer. Their alleged motive for their change of policy was, that the late campaigns of Sonora and Tarumara have cut off their supplies of provisions, and some of them have already died of starvation.—[Alta.

In Alaska from 8,000 to 10,000 mink are taken every year, and from 5,000 to 6,000 martin. The number of muskrats killed is set down at from 5,000 to 6,000. Of foxes—blue, white, red, gray, etc.—there are taken from 5,000 to 7,000. The supply of sea and land otter is abundant, all things considered. The sea otter is so valuable that in quest the bounds of prudence are not regarded as they should be.

A writer of repute has calculated that, upon an average, every 500 miles of railway adds \$120,000,000 yearly to the national wealth, which is enough to pay the interest of the national debt. If we call the addition, however, but one half of this writer's estimate, or \$60,000,000 per annum, the result would be satisfactory enough to all reasonable people.

A German shoemaker named Frederick Vozzaro, residing at 1204 Larkin street, committed suicide about 8 o'clock last evening by cutting his throat. The tragic act was committed in the street near the corner of Jackson and Larkin. Deceased was 36 years of age.—[S. F. Chronicle, 5th.

A FATAL CASE.—Mrs. Perkins, of the 19th Ward, who was attacked with small-pox some time ago, died on New Year's Day, at a house on the Jordan, about 3 miles northwest of the city. The quarantine physician, Dr. Clinton, attended to the burial yesterday afternoon.—[Salt Lake News.

Vinnie Ream will attempt to do what the wicked Woodhull couldn't—bust Henry Ward Beecher.

The Carson Appeal has been considerably enlarged lately. It maintains its editorial pith and vim.

Judge Goodwin, who has been quite ill, is reported to be improving, and will soon be all right again.

A Society of Nevada Pioneers is urged by the Virginia Chronicle.
